IPHONE SUPPORT

Phone Number: [Your Phone Number Is Here](#)

Apple ID: [Your Apple ID Is Here](#)

Password: [Your Password Is Here](#)

Your Phone Number

Your new phone has a sticker located on the back (visible from under the clear protective case), with important information including your phone number that you will need to use to request support on your device.

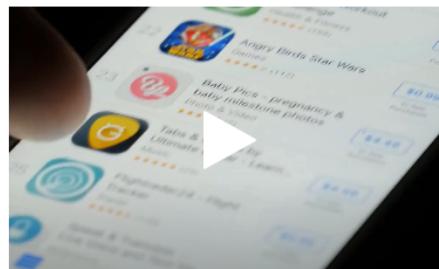

Phone & Text: You have unlimited calling and texting to anyone, anywhere within the United States.

Apple ID (& Password)

About Apple ID

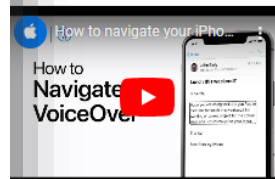

The simplest way to think about your Apple ID is as your iPhone login. It is unique to you, no one else has the same one, and it will quickly let you log in to new Apple products and Apple services like "Find My" and The Apple Store remotely.

Think of your Apple ID as your gateway to your Apple device. This is your account that will be used for all Apple services and devices. Here are some of the ways the Apple ID is used:

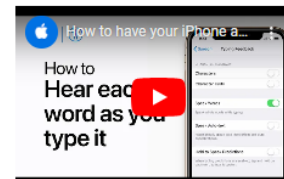

Accessibility Features of Your iPhone

Voice Over

A screen reader that describes what's happening on your device so you can navigate by listening and performing gestures.

Typing Feedback

Your device speaks letters and words as you type, and speaks auto-corrections and capitalizations as they appear.

Audio Descriptions

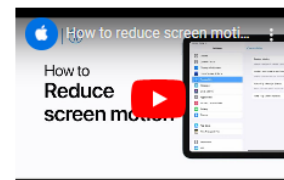

While watching movies on your iPhone, iPad, or iPod touch, you can turn on audio descriptions to have scenes described to you.

Magnifier

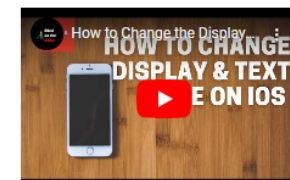

Turn your iPhone or iPad into a magnifying glass so you can zoom in on objects near you. Use Magnifier to read small text, apply color filters to increase visibility, and save magnified images to your Photos library.

Reduce Motion

If you have sensitivity to motion effects or screen movement on your iPhone, iPad, or iPod touch, you can use Reduce Motion to turn off these effects.

Display & Text

You can adjust your Display and Text Size features, like Invert Colors, to change the way content appears on your iPhone, iPad, or iPod touch. You can also adjust the font size, color intensity, and tint to make reading easier.

Recommended Apps

Note: Some charges may apply

ELITE PARTNER

FUNDING

WHAT ARE YOU ALREADY USING?

State Funds/Governor's Funds

Library Service & Technology (LSTA) Grants

Digital Equity Act: NTIA

What else is there?

- Partnerships
- Infrastructure Bill
- Foundations
- Other Federal, State, County, and City Grants

WHAT HAPPENS NOW?

NEXT STEPS

- Identify your need
- Determine your desired budget
- Identify funding to support
- Apply for additional funding

WORK WITH US

- Let us help support you with funding options
- Determine what you want on the devices
- Let us get started building your profiles
